E-PAR Series
Round Tapered Steel Pole

Applications:
- Parking lots
- Roadways
- General area

Construction & Materials
- Mechanically cleaned and coated with an electrostatically applied, baked-on powder top coat
- Painted in dark bronze
- Partially galvanized anchor bolts and hardware included
- Anchor bolts are made from carbon steel bar conforming to AASHTO and ASTM Grade-55 requirements
- Base is supplied with slotted anchor bolt openings for range of bolt circles to be utilized
- Base plate telescopes the pole shaft and is circumferentially welded top and bottom
- Supplied with nut covers
- Rectangular shaped handhole is furnished and includes a steel cover, attachment bar with machine screw
- Handhole is located 18 inches above the pole base
- Ground lug is provided near the handhole and includes a hex head bolt and nut

Recommended Use
- Parking lots
- Roadways
- General area
