Notes:

- E-WR LED Wrap is designed for surface mount applications using the included hardware kit.

INSTALLATION

- Remove the cover plate of the luminaire by removing the (2) screws and set screws aside to reinstall later. See **Figure 1**.
- Loosen the (2) captive screws that hold the driver bracket in place. Once the screws are removed the driver will swing out. See **Figure 2**.
- Attach mounting bracket to the junction box using supplied hardware. See **Figure 3**.
- Position luminaire over threaded rod. See **Figure 3**.
- When positioned secure the luminaire using mounting nut. Ensuring that the luminaire is flushed to the surface. See **Figure 4**.
- Make electrical connections with supplied wire nuts as following:
 - Connect the Line to Black
 - Neutral to White
 - Ground to Green

- Swing the driver back into the housing, ensuring not to pinch any leads. See **Figure 5**.
- Re-secure driver to the mounting plate by tightening (2) screws that were loosened in Step 2.
- Reinstall cover plate that was removed in Step 1.
