SureSlide® Universal LED/CFL/Incandescent Dimmer

APPLICATION
Leviton Decora SureSlide® dimmers provide smooth, slide-action, full-range dimming for incandescent and dimmable LED and CFL lamps. The 6674 model features a pre-set ON/OFF switch, allowing the user to set the desired brightness level to operate automatically with the ON/OFF function. The 6672 is a slide-to-off model for users who choose to adjust lighting levels each time the device is used. Both models are designed specifically for dimmable light-emitting diodes (LED) and dimmable compact fluorescent (CFL) lamps; they are also compatible with incandescent lamps.

FEATURES AND BENEFITS
- New updated look
- Integrated linear full-range slide control for easy, precise operation
- Future-proof to control a variety of dimmable CFL and LED lamps
- Backwards compatible with incandescent lamps
- Slim, compact housing fits easily into a standard wallbox and is suitable for multi-gang installations
- Built-in radio/TV interference filter
- Available colors: 6674 – White, Ivory, Light Almond, Black and Brown
- 6672 – White, Ivory and Light Almond

Pre-Set Dimmer 6674
- Features a separate ON/OFF switch that preserves the selected brightness setting
- Microprocessor design offers flexibility to program LED and CFLs for best performance
- Single pole or 3-way lighting control when used with a 3-way switch

Lamp Selector/Programming Switch
- CFL mode for dimmable CFLs. This feature provides a higher starting voltage that is required for many Compact Fluorescent Lamps.
- LED/Incandescent mode provides optimized dimming for LED lamps and for incandescent operation.
- Switch also enables the programming mode allowing users to change the dimmer low light settings for applications where the user experiences unstable light or flicker.

6674 6672

SPECIFICATIONS
Electrical for 6672 & 6674
- Input 120VAC @ 60Hz
- 600W Incandescent
- 150W LED and CFL
- RFI noise suppression

Mechanical for 6672
- Dimmer control – slide bar
- Slide to OFF
- Single Pole
- Optional locator light

Mechanical for 6674
- Dimmer control – slide bar
- ON/OFF rocker switch
- 3-way versions work with 3-way switch
- ON/OFF switch provides air-gap switch for servicing

TYPICAL SPECIFICATIONS
- Operating Temperature Range: 0°C to 55°C
- Storage Temperature Range: -10°C to 85°C
- Relative Humidity: 20% to 90% non-condensing
