

E-KGR/E-KFB Series

Line Voltage Track Heads

Rear-loading Gimbal

Long Neck Flat Back

E-KGR & E-KFB Series - Targeted Illumination Kings

Dark areas become things of the past with the E-KGR and E-KFB Series Track Heads. The E-KFB Series features a 358-degree rotation, plus a 90-degree tilt for ultra-precise aiming. The E-KGR, on the other hand, offers a multi-directional lamp head that provides light exactly where you want it. cULus listed, both shine (literally) in indoor commercial, retail, or residential applications and are compatible with one or two circuit tracks. Installation, you ask? The spring-loaded locking latch on each mounting adapter provides attachment security to the max. Would you expect anything less?

Performance

- 1-year limited warranty
- Can used with Incandescent or LED lamps

Construction & Materials

- Deep-drawn iron housing
- Compatible with 1 or 2 circuit track
- Fixture relamps from the back of the ring (E-KGR series)
- Classic U-shaped double yoke with a single-locking knob to secure the aiming angle
- Polyester powder coated finish

Mounting
