

Essentia® Series Track

Gimbal Ring Track Head - Rear-Loading - Line Voltage - PAR20

Rev. Date: V7 05/22/2023

Product Description

The Essentia® Series Rear-Loading Gimbal Ring Line Voltage Track Head is ideal for general purpose track lighting in indoor commercial, retail, or industrial applications. The gimbal ring is designed to fit PAR20 lamps, and designed for relamping from the rear of the gimbal ring. The housing is deep-drawn steel, and is available with white finish. The rear-loading gimbal ring track head is compatible with 1- or 2-circuit track from Essentia® Series and Juno® "T" and "TU" Series track systems. The Essentia® Series gimbal ring line comes with a performance 1-year limited warranty.

Applications: General purpose track lighting for indoor commercial, retail or industrial applications

Performance Summary

Lamp Compatibility: PAR20 Max. 50W (ordered separately)

Deep-drawn steel housing with U-shaped double yoke and polyester powder coated finish

Track Compatibility: Essentia Series "CT" track systems, and Juno® "T" and "TU" Series track systems only

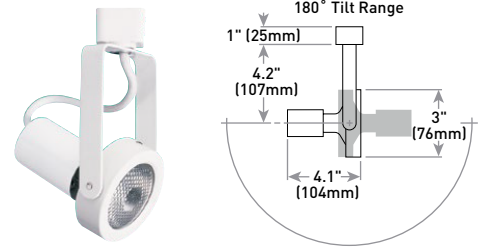

Designed for relamping from the rear of the gimbal ring

Weight: 50W .85 lbs. (.39kg)
